Research Interests

Applied microeconometrics and development economics (education, gender), with a focus on criminal justice and gender-based violence. I work with administrative microdata and research designs for impact evaluation.

Education

Universidad Alberto Hurtado Santiago, Chile
M.A. in Economics September 2025 – Present
Full-tuition scholarship for academic excellence.
Master's thesis (approved, grade 6.7/7.0): *The Processing of Sexual Violence Complaints Against Adolescents in Chile: Evidence on Case Dismissal, Media Salience, and the Political-Territorial Context (2009–2019).*

- Analyzes administrative microdata from Chile's Public Prosecutor's Office (29,833 cases, 946 prosecutors): 89.7% of complaints end in early dismissal, a rate that is uniform across prosecutors, territories, and years.
- Event studies (PPML) show that media shocks raise complaints by about 30% but do not change the dismissal rate.
- Builds original datasets (a crosswalk between prosecutor offices and electoral districts, an inventory of legislative votes, and a census of university mobilization) and uses wild cluster bootstrap inference.

B.S. in Business Engineering (Ingeniería Comercial), Double Major in Economics and Business Administration 2021 – 2026
Universidad Alberto Hurtado, Santiago, Chile. Ranked 1st, cum laude.
Licentiate in Administration Sciences (2025, 1st place in the major) and in Economics (2025, 2nd place in the major).

Minor in Political Science (Institutions and Political Processes) 2024 – 2026
Diploma in Digital Competencies, E-commerce 2023 – 2024
Universidad Alberto Hurtado. Final grade: 6.7/7.0.
Center for Public Studies — Winter School 2025
Certificate in public policy analysis and development economics.

Research Experience

Research Assistant — Prof. Bárbara Boggiano 2025 – Present
Universidad Alberto Hurtado

- Support in data analysis and literature review on development economics.
- Writing reports and organizing information in statistical databases for research projects.

Research Assistant — Prof. Carlos J. García 2024 – Present
Universidad Alberto Hurtado

- Applied economic analysis for research projects in macroeconomics and finance.
- Contributed to the design of indicators and impact evaluation.

Teaching Experience

Teaching Assistant 2024 – Present
Universidad Alberto Hurtado: Introduction to Macroeconomics, Macroeconomics II (third time), Microeconometrics, Introduction to Microeconomics, and Project Evaluation.

- Prepared teaching materials and solved applied problem sets in economic analysis.
- Supported critical thinking and quantitative skills for more than 50 students per semester.

Teaching Assistant, Introduction to Business Administration I and II 2023 – 2024
Universidad Alberto Hurtado

Professional Experience

SERNAC (National Consumer Service) — Department of Studies and Intelligence Santiago, Chile
University Intern, Market Intelligence Unit 2025

- Researcher on the national study "Women and Consumption 2025" and the report "Streaming Platforms 2025".
- Prepared market reports on consumption and competition; processed data, analyzed trends, and built indicators (KPIs) for institutional dissemination.
- Results published in press bulletins and official SERNAC reports.

Leadership and Service

UAH Finance Club — Founding member
Hogar de Cristo — Volunteer, accompanying users of housing programs
Student participation and leadership, Universidad Alberto Hurtado 2024 – Present
Academic tutoring and student support in university outreach projects.

Skills

Technical: R (RStudio), Python, Julia, Excel (advanced), Power BI, Google Colab, LaTeX
Methods: event studies, PPML, leave-one-out estimators, wild cluster bootstrap
Languages: Spanish (native), English (advanced)
